

Big nose Man

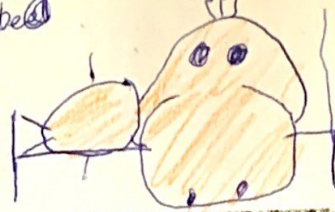

Jasper Vanra Daeps

Big nose
Man
always had
a big nose

even when he was a
baby

His nose hangs off his
bed

When he
sneezes it causes
a hurricane

He always says...

my nose is
too big

but one day he met somebody who
told him that he had a magic hat
that would shrink his nose.

He had to wear it for three days

So the next day he
put it on when he slept

When a hat his nose was
normal size

Three days later...
